

Say a Good Word About Your Town.

This thing of saying a good word about your town is a habit which the people of this community need to cultivate and they need it badly. You just start out here some bright morning—yes, even on a bright morning when every one ought to feel good—and mention something about any citizen, we don't care who he is, or how pure he is, and you will be surprised to know how many people have out their little samplers and how with their might they will be trying to use them.

Now, how much better it would be if we all had a good word to say of our neighbors. What makes our town but the people who live in it? When you hit them don't you know you are striking your own, and when you strike your own don't you know that you are driving blows on your own little head? Say something good or keep your tongue in your mouth. You will feel better yourself and you will be better too.—Waxhaw Enterprise.

A specific for pain—Dr. Thomas' Electric Oil, strongest, cheapest liniment ever devised. A household remedy in America for 25 years.

The chap who looks upon life simply as a merry-go-round is not to get dizzy before long.

"I have a word of confidence in Chamberlain's Cough Remedy for I have used it with perfect success," writes Mrs. M. I. Basford, Padesville, Md. For sale by all dealers.

GOOD STOMACH?

Keep a Box of M-I-O-NA in Your House and You'll Always Have One.

Some people eat too much, some drink too much, and hundreds of thousands of men smoke too much—especially in the evening.

Use discretion if you can, but if you can't, use wisdom. Take two M-I-O-NA stomach tablets before you go to bed and you'll awake minus a headache in the morning.

M-I-O-NA stomach tablets are guaranteed to end indigestion acute or chronic; to promptly banish gas, heartburn, sour risings, etc. They are the best remedy for dizziness, biliousness, nervousness, headache, constipation, vomiting of pregnancy, car or sea sickness, foul breath, night sweats, bad dreams, coated tongue, languid feeling.

And a box only costs 50 cents at E. T. Whitehead Company and druggists everywhere.

"Bertha," cautioned Mrs. Lapsling, "you mustn't let greasy rags accumulate in a pile in hot weather. They might take fire sometimes from cutaneous combustion."—Chicago Tribune.

Not a Word of Scandal

marred the call of a neighbor on Mrs. W. P. Spangh, of Manville, Wyo., who said: "She told me Dr. King's New Life Pills had cured her of obstinate kidney trouble, and made her feel like a new woman." Easy, but sure remedy for stomach, liver and kidney troubles. Only 25c at E. T. Whitehead Company.

HE WOULDN'T ADVERTISE.

Breathes there the man with soul so dead,
Who never to himself hath said:
"My trade of late is getting bad;
I'll try another eight-inch ad!"
For him no bank account shall swell;
No angels watch the golden stair
To welcome home the millionaire—
The man who never asks for trade
By local line or ad displayed,
Cares more for rest than worldly gain.

And patronage but gives him pain,
Tread lightly, friends; let no rude sound
Disturb his solitude profound
Here let him live in calm repose,
Unthought except by men he owes,
And when he dies, go plant him deep
That naught may break his dream-
less sleep;

Where no rude clamor may dispel
The quiet that he loved so well,
And when the world may know its loss,
Place on his grave a wreath of moss,
And on a stone above, "Here lies
A chump who wouldn't advertise."

No Need to Stop Work.

When your doctor orders you to stop work, it staggers you. "I can't," you say. You know you are weak, run-down and failing in health, day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength, and vigor to your system, to prevent breakdown and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c at E. T. Whitehead Company.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. E. N. Nelson, Eighth and Roanoke Streets, Scotland Neck, N. C., says: "I have no hesitation in recommending Doan's Kidney Pills, as I know them to be a remedy of merit in cases of kidney trouble. I got my supply of this preparation at E. T. Whitehead Company's Drug Store and its use relieved me of backache and lameness in my loins."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Keeping Turnips and Onions.

Turnips may be stored about the same as sweet potatoes. The tops should be cut off. When they are covered with sand they will rarely ever wither, but if they get very warm will start to grow and become pithy, rendering them undesirable for table use. This crop may be kept "banked up" out of doors if there is not room in the cellar. To do this successfully, pile them upon some dry substance like straw and then cover with corn stalks and straw, put on a light covering of earth. As the season grows colder more dirt may be added to keep out the frost.

In storing onions, after having kept them through the fall in a cool, dry place, I like to put them in barrels or small boxes in the cellar where they will not freeze. It is true that an onion may be kept frozen, if not disturbed, but repeated freezing and thawings, such as our changeable weather is sure to cause, will spoil them. Onions keep best when kept dry and at a uniform temperature of very low degrees, say between 35 and 40 degrees.—A. M. Latham, in Raleigh (N. C.) Progressive Farmer and Gazette.

"Two and two make four," said the ready-made philosopher. "Sometimes," replied Colonel Stillwell, of Kentucky. "And then again they merely make a pair of deuces."—Washington Star.

Home Comfort Assured by Using Cole's Original Hot Blast

It means comfort and health for you and your family to have comfortable living rooms—We want to sell you one of these truly marvelous heaters—

We know it will give you more home comfort for the money you spend for fuel than you have ever had before—

The same comfort you would get from the most costly Hot Water or Steam Heating Plant you could buy. And besides—Cole's Hot Blast Heater is better because you can regulate it perfectly—

Cole's Hot Blast Heater gives a steady even heat day and night using for fuel the cheapest grades of soft coal. It is as clean as the highest priced Hard Coal Heater and costs you less than half the money—costs less than half to operate throughout the winter because your fuel bill will be cut in two. Surely this is the Heater you want and will have this winter.

This Original Hot Blast Stove has patented features which insure an everlasting air-tight and gas-tight construction. No leaky stove will hold fire—remember that.

Cole's Patented Hot Blast Draft insures perfect burning of the gases in coal which makes this heater the greatest fuel saver ever known. Soft coal is half gas and is wasted with other stoves.

We are authorized by the Cole Manufacturing Co. to sell this heater on the most rigid guarantee ever made by any stove manufacturer. The Remarkable Guarantee is—

- "1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
- "2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.
- "3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
- "4—That the stove will hold fire with soft coal from Saturday night until Monday morning.

- "5—A uniform heat day and night, with soft coal, hard coal or lignite.
 - "6—That every stove will remain absolutely air-tight as long as used.
 - "7—That the feed-door is and will remain smoke and dust-proof.
 - "8—That the Anti-Puffing Draft will prevent puffing.
- "All we ask is that the stove shall be operated according to directions and connected with a good flue."

(Signed) COLE MANUFACTURING CO., Not Inc.
(Makers of the Original Patented Hot Blast Stove.)

Think what this economy of fuel means to you. Think of the comfort—no kindling or rebuilding of the fire in the morning. Simply open the draft. You live in an even temperature which means health to your family. Uneven temperature means colds or worse.

Burns any kind of fuel—Soft Coal, Hard Coal, Slack, Lignite or Wood.

Over 60,000 of Cole's Hot Blast Heaters sold during the year of 1909.
